ABOUT ME

Motivated and skilled Computer Engineering student with a strong foundation in coding, problem-solving, and a passion for technology and innovation. Eager to excel in the tech industry by embracing challenges, continuous learning, and leveraging technical expertise to deliver impactful solutions.

SKILLS

- Project Management
- Programming: C, HTML, CSS, JavaScript, Python
- Databases: SQL, MySQL
- Web Development
- Effective Communication
- Software Testing

EDUCATION

Diploma in Computer Engineering
Ashokrao Mane Polytechnic, Vathar

2022 - 2025

Secondary School

Shree Mankeshwar Vidyalaya, Surul

Completed: March 2022

EXPERIENCE

Revolution it solutions -
Kolhapur, mh

July - 2024

Web Development Intern

- Successfully completed internship in Web Development covering both Front-End (HTML, CSS, JavaScript, Bootstrap) and Back-End (MS-SQL, C#, ASP.NET).
- Built and tested responsive web interfaces and dynamic applications.
- Gained hands-on experience with database management and server-side development.
- Recognized for dedication, commitment, and strong work ethic during the internship.

CERTIFICATION

Python Workshop on AI & ML. Oct - 2024

- Gained foundational knowledge of Python programming.
- Learned to use libraries like NumPy and pandas for data analysis.
- Built small projects demonstrating problem-solving skills.
- Developed understanding of Python's application in real-world scenarios.

PROJECT

FindMyWay: Smart Mapping for Campus Life.

2024- 2025

Academic Project

- Developed a multi-page campus navigation system using HTML, CSS, JavaScript, Node.js, PHP, and MySQL.
- Integrated Google Maps API and QR code generation for interactive navigation.
- Collaborated in a team, handling frontend, backend integration, and database design.
